### About Arts Circulation and Touring

---

**Arts Circulation and Touring** supports eligible arts and culture organizations, collectives and individuals with circulation and touring activities both within British Columbia and outside of the province. Grants received in this program are intended to enhance professional and artistic opportunities and exposure of B.C. artists, collectives, and arts organizations regionally, nationally, and internationally.

Assistance through this program is available to arts and culture organizations, collectives and to individual art practitioners through three categories outlined below.

**For Individuals (see Guidelines for Individuals).**

**For Organizations and Collectives (use these Guidelines).**

Grants are not available through this program to support projects that are primarily focused on the creation or development of new works or programming, or for self directed or produced activities.

There are three categories of Arts Circulation and Touring grants:

### Category 1 Outbound Activity

- The circulation and touring of artistic and cultural works originating from the applicant to specific venues\* or events inside or outside of British Columbia.

### Category 2: Inbound Activity

- The hosting, presentation, and circulation of artistic and cultural performances, exhibitions, and works originating inside or outside of the province to specific venues\* or events held in British Columbia by applicants.

BC Arts Council intends to support successful applications at 100% of the request; however, grants may be awarded for less than requested.

The [Extending Foundations: Action Plan for 2022-2024](#) includes the BC Arts Council's commitment to placing reconciliation, equity, diversity, inclusion, and access at the centre of its activities with the intention to address historic funding inequities. Equity considerations are embedded throughout the assessment criteria and the assessment process. Funding prioritization may be applied to organizations considered part of a designated priority group as described above.

The areas of assessment for this grant program are outlined below along with their relative scoring percentage.

Keep these criteria in mind as you complete your application. Some of the specific points listed below may not apply to your proposed project. However, your application should clearly discuss how the project generally meets each area of assessment.
